Computability in Europe 2020
Beyond the horizon of computability
June 29 - July 3, 2020
Virtually located at University of Salerno

Tutorials:
Fine-Grained Complexity
Virginia Vassilevska Williams
Computable Analysis
Martin Ziegler

Special sessions:
Algorithmic Learning Theory
Organized by Frank Stephan and Lorenzo Carlucci
Combinatorial String Matching
Organized by Travis Gagie and Marinella Sciortino
Computable Topology
Organized by Matthew de Brecht and Mathieu Hoyrup
HAPOC session on Fairness in Algorithms
Organized by Viola Schiaffonati and Teresa Scantamburlo
Large Scale Bioinformatics and Computational Sciences
Organized by Gianluca Della Vedova and Iman Hajirasouliha
Modern Aspects of Formal Languages
Organized by Markus L. Schmid and Rosalba Zizza

Program Committee Chairs:
Marcella Anselmo, University of Salerno
Arno Pauly, Swansea University

Invited speakers:
Paolo Boldi
Véronique Bruyère
Ekaterina Fokina
Amaury Pouly
Antonio Restivo
Damien Woods

Organizing Committee:
Marcella Anselmo (co-chair)
Gianluca Della Vedova (co-chair)
Carlo Di Giampaolo
Manuela Flores
Rocco Zaccagnino
Rosalba Zizza

Important dates:
Informal Presentations:
May 31, 2020
Registration:
June 14, 2020

Workshop Women in Computability
organized by
Mariya Soskova and Liesbeth De Mol

2020 S. BARRY COOPER PRIZE
Awarding of the prize to
Bruno Courcelle
